## Parent Letter

Dear Eighth Grade Families,
In Unit 2, students will work on the following eighth grade Common Core standards in the Expressions and Equations (EE) domains.

| 8.EE.1 | Know and apply the properties of integer exponents to generate equivalent numerical <br> expressions. For example, $3^{2} \times 3^{-5}=3^{-3}=1 / 3^{3}=1 / 27$. |
| :--- | :--- |
| 8.EE.2 | Use square root and cube root symbols to represent solutions to equations of the form $\mathrm{x}^{2}=p$ <br> and $\mathrm{x}^{3}=p$, where $p$ is a positive rational number. Evaluate square roots of small perfect <br> squares and cube roots of small perfect cubes. Know that V 2 is irrational. |

## Unit 2 Concepts:

- Properties of Exponents
- Squared Equations
- Cubic Equations
- Zero and Negative Exponents
- Reciprocal
- Squared numbers
- Square root
- Rational solution
- Cube \& cube root
- Perfect cube

Ask questions like these to help your child as a productive mathematical thinker:

- What do the numbers represent?
- How can you tell if your answer makes sense?
- How can you prove this?
- What information do you need? What information do you need?
- How would describe this process?

- Exponential form
- Power
- Factor
- 

| Number | Squared | Cubed |
| :--- | :--- | :--- |
| 5 | 25 | 125 |
| 6 | 36 | 216 |
| 7 | 49 | 343 |
| 8 | 64 | 512 |
| 9 | 81 | 729 |
| 10 | 100 | 1000 |
| 11 | 121 | 1331 |
| 12 | 144 | 1728 |
| 13 | 169 | 2197 |
| 14 | 196 | 2744 |
| 15 | 225 | 3375 |

## Need a review?

Have your student login to Swun Math to access lesson support videos.

We encourage you to talk with your child daily about what was learned in math class. Thank you for your support!
